1. Language options:

- Choosing a new language, not previously studied as LIII or LIV, is possible if the pupil can prove that they meet the language competency requirements by passing an attainment test. New language choices need to be approved by the Director, bearing in mind any administrative restrictions.
- Changing the level of a language studied when entering S6 (for example: LIII ↔ LIV) is also possible. In order to change from a lower to a higher level, the pupil must prove that they are able to meet the language competency requirements by passing an attainment test. Language changes need to be approved by the Director of the school on the Class Council's recommendation, bearing in mind any administrative restrictions.

2. Bear in mind that starting a new subject in S7 is strictly forbidden and changes of language level between S6 and S7 are not allowed.

However, when entering S7 the pupil can drop an option or a complementary subject provided that they retain the minimum number of periods required. Only the following changes of level are possible:

- Maths 5p ↔ Maths 3p
- 4p option ↔ 2p compulsory course (same subject).

A change to a more advanced course is conditional upon the passing of an attainment test. For all changes, a written request, explaining the reasons for changing, must be handed in to the Director before the final meeting of the S6 Class Council (in June). Changes of level in subjects need to be approved by the Director of the school on the Class Council's recommendation.

3. Pupils are expected to reflect carefully on their choices, discuss with parents, teachers, the Baccalaureate Coordinator and Career Advisors, as well as familiarize themselves with the regulations.
4. The Administration will do its best to organise the courses chosen by the pupils. However, it may not be possible to offer all options and advanced courses due to administrative restrictions.
